

23-March-2022

Dear Nishant,

We are delighted to inform you that you have been accepted to the internship program at iTracker for the year 2022.

We look forward to working with you for an initial period of **two months**. Depending on the progress of the product and the potential to launch, the internship can be extended for an additional three months, in consultation with the interns and the program manager. The intended **starting date** of the internship is **01 APRIL-2022**, at the latest.

You will receive a monthly **stipend of INR 15,000/-**. In addition, if the work done by you is exceptional and the product receives a really good feedback from the users then you will be eligible for a **bonus of upto INR 15,000/-**.

Please sign below and send it back to confirm your internship.

After the confirmation, we will organize a call to formally introduce the program manager and other members of the team to you. During that call, we will also outline the product plan.

We hope that you are all keeping safe during these times of the COVID-19 crisis. We apologize for having to convert all internships to be remote because of the crisis. But, we do hope that the collaboration will be a successful one.

As a final note, I would like to inform you that in the coming years' iTracker will be hiring full time employees in web development roles, with an attractive employment package. A good result in the internship will go a long way in fast-tracking you to the top of the list for such a position.

Looking forward to working with you.

On behalf of the iTracker team,

Kuldeep Yadav
(CEO, iTracker)

Nishant Rajput
(Intern)
